THIS SPECIAL SALE OF FINE WHITE CRYSTALS HAS NEVER BEEN APPROACHED IN THE HISTORY OF THE TRADE.

EXTRA WHITE AND VERY BRILLIANT STONES ARE SOLD LOWER THAN THE REGULAR PRICES ON ORDINARY COMMERCIAL STONES. CALL AND LOOK THEM OVER. THEY WILL SURELY SURPRISE THE MOST EXPERT.

E. SCHIMPF 317 Lackawanna Ave.

NORTHEASTERN PENNSYLVANIA FOREST CITY.

Philo Lee and Miss Margaret Reese, both of this borough, were united in marriage at the home of David J. Jones, on Tuesday evening at 8 o'clock. Rev. J. G. Evans, of Vandling, performed the ceremony. Mr. and Mrs. Lee will reside in Forest City.

Today Truman C. Manzer, who was recently appointed postmaster, will take charge of the Forest City office. Mr. Manzer, who is a native of Lenox township, this county, was born April 23, 1862. For a number of years he was engaged in the mercantile business at South Gibson and at Getz. Nine years ago last winter he moved to Forest City and has since been an active participant in its business, social and political affairs.

The marriage of Peter Cunningham, of Forest City, and Miss Mary Brennan, of Vandling, occurred in St. Agnes church, at 5 o'clock yesterday afternoon. The ceremony was performed by Rev. Father Coroner. Frank Cunningham, of this borough, was groomsmen, and Miss Nellie Lyden, of Herrick Center, bridesmaid. A reception was held at the home of the bride from 6 to 8 o'clock last evening. Mr. and Mrs. Cunningham left for a wedding trip to New York and points in New England. On their return they will take up their residence in Forest City.

There will be no services in Grace Episcopal church next Sunday. Ray Hardenburgh and Judson Curtis are home from college for the summer vacation. Mrs. M. F. Robin is visiting friends in Lestershire, N. Y.

There will be Communion services in the Presbyterian church next Sunday. The Honesdale ball club will play a game with the Carbondale club on Friday on the grounds of the latter.

Miss Ida Barnes is visiting friends in Wilkes-Barre. The friends of Mrs. W. H. Swift who has been quite ill for the past week, will be glad to learn that she is convalescent. Mr. Morris Freeman has the contract and will make new uniforms for our Cornet band.

The Erie will run an excursion to New York July 2, fare \$1.50. John Wood is moving his family and household effects to Tunkhannock. Great preparations were made for the bicycle parade that was to have taken place Tuesday evening, but had to be postponed on account of the rain. Honesdale will observe Monday as the Fourth of July. It promises to have a very quiet day. Nothing of interest to take place. Many of our people will go out of town. A number will take dinner furnished by the Ladies' Improvement society of Bethany in their village.

Dr. Reed Burns of Scranton, made a professional visit to Honesdale on Tuesday. The twenty-fifth anniversary of the present Methodist Episcopal church edifice will occur next Sunday, July 4, when special services appropriate to the occasion will be held. Presiding Elder Thorpe will assist the Pastor, Rev. C. A. Benjamin at the morning services. In the evening the pastors and congregations of the other churches have been invited to join them in the services. Homer Green will be one of the speakers.

TUNKHANNOCK. Scranton parties have purchased the timber on the Hoister Keeler tract near Keelersburg. There is about 250 acres in the tract.

Mr. and Mrs. R. P. Northrop went to Germantown Monday to attend the funeral of Mr. Northrop's step-mother. Mrs. Northrop was a sister of the late Jay Gould.

A number of the young people enjoyed a dance at the opera house on Monday evening. An attempt is being made by some of the store keepers to close at six o'clock

every evening except on Saturday. It is understood that all are willing to agree to such a proposition with the exception of one. A similar attempt was made last year, but failed on this account. Some time ago Judson Lutes of Noxon, was arrested for poisoning cattle and convicted. A new trial was applied for. Word has just been received from Judge Lynch, of Wilkes-Barre, who tried the case, that no new trial would be granted.

Miss Ruth Hoadley is clerking in the store of David Gray.

BURGLARY AT DALLAS. Cracksmen Make Off with About \$200 Worth of "Swag."

Wilkes-Barre, June 30.—The home of John Hallock, at Dallas, was entered by burglars at an early hour this morning, and a gold watch, \$50 in money and a lot of silverware were carried off. Mr. Hallock is a commercial traveler and is away from home a great deal, though he was home last night. He is unable to say at what time the house was entered, but for that this morning when Mrs. Hallock arose she asked him where he placed his vest and trousers. He replied that he had hung them on the footboard of the bed as usual, but on looking the garments were not there. A search was then made and the trousers and vest were found lying on the stairs leading to the ground floor. The money and watch were missing and a subsequent investigation revealed that a lot of silverware, valued at \$100, had also disappeared, though several pieces of plated ware of considerable less value were found in their customary places. From their position Mrs. Hallock says they were carelessly handled by the burglars who had been in the house. It was found also that the visitors had effected an entrance through a rear door which they had forced open.

In the street in front of the house a couple of bicycles were found early this morning and those most interested advance the theory that the burglars arrived and took their departure on wheels.

PROFESSOR COLES FOR JULY. Earth is now in the "House of Life" and there will be twenty "High Flood" days this month, which will throw the rays leading into the fair lands of prosperity wide open so that all business men may enter in and work with ease and pleasure.

With the resumption of work at the Woodward mine today at the rate of the Delaware, Lackawanna and Western in the Wyoming valley with the exception of the Avondale at Nanticoke, will be in operation. Water from the Susquehanna river broke into the Avondale, and it is not known when the mine will be worked.

The third rail has been removed from the Delaware and Hudson north bound track south of Green Ridge. As soon as the chutes in the Wilkes-Barre have been enlarged to accommodate the use of the narrow gauge car will be entirely abandoned at the lower end of the road.

The Vulcan Iron works of Wilkes-Barre has declared a semi-annual dividend of 3 per cent, payable today.

HE WAS MOLLIFIED. The Judge Was Not Proof Against San Francisco Finity.

Judge Murphy was trying a case in San Rafael once. It was a murder case and bitterly contested. It had not proceeded very far before the attorneys got to loggheads. The attorney for the defense did his best to imitate the attorney for the prosecution, and the prosecuting attorney did his best to imitate the attorney for the defense. Finally matters got to such a pitch that the attorney for the prosecution turned upon his opponent and called him down in open court. Judge Murphy interrupted, saying: "Gentlemen, gentlemen, this won't do. This sort of thing is not respectful to the court. This is no place for such exhibitions. If you gentlemen have any differences to settle, settle them out of court."

The attorney for the defense immediately rose and said: "We have no differences of any kind, please, with all your honor please." "If your honor please," said the prosecuting attorney, "I wish to say that we have differences. And I wish to give notice that when court adjourns I intend to crack that man's head over there."

Judge Murphy exploded. "How dare you say that?" he asked. "How dare you come here and attempt to terrify counsel? I fine you \$50, sir, \$50." The attorney said: "That is rather hard on me, if your honor please. Your honor thinks it venial to disregard my settlement of my differences with all your honor, and I give notice of my intention to do so. That was all. I have the highest respect and appreciation of your honor's judgment in such matters, and I felt proud to accept your honor's advice."

Improvements seem to be the watchword in Taylor at present. From one end of this town to the other residents are improving their properties and thereby increasing their value.

The news will be welcomed by the local fans that Willis Stone is once more in his position in the Taylor Reds. He has just returned home from the Pennsylvania school for deaf mutes, at Media, where he has passed his final examination. Junior Order United American Mechanics No. 51, will meet this evening at Van Hook's hall.

Mrs. Charles Atkins of Old Forge was the guest of her parents, Mr. and Mrs. Edward Carter in this place on Tuesday. Mr. Fred Stone was a caller in Pricburg yesterday. The school at Hyde Park, visited the latter's mother, Mrs. John Griffiths, of Railroad street, on Sunday.

Following are those from out of town who attended the school that was held in Weber's rink on Tuesday evening: Messrs. P. and J. Reardon, Patrick Nealon, J. Reidenbaugh, John Brenin, Thomas Folland, James Sullivan, William Fenwick and James Folland, of South Scranton; Julia Lavelle and Annie Reidenbaugh, of Scranton.

Children's day was fittingly observed at the Primitive Methodist church of the Archbald on Sunday last. The church was tastefully decorated with flowers and arches of evergreen and the programme well rendered.

Dr. J. L. Porteus and Misses Edith and Mary Van Buskirk attended the dance at the Scranton Driving park yesterday.

NEWS OF OUR INDUSTRIES.

It seems the Lehigh and Wilkes-Barre Coal company's expenses are a little too high. The officials have been contemplating cutting down expenses for some time and now they are at it in real earnest. Assistant Superintendent Warren of the Lehigh and Wilkes-Barre Coal company, whose office is located in New York, came to Scranton a few days ago and explained to the different bosses under the company that they must reduce expenses. Mr. Warren then made a visit to the different breakers and after his visit he came to the office of the officials. He visited the Empire shops and suspended about ten of the employees. He also laid off a number of the employees on the repair gang at the Empire. He then made an extra trip to New York to report his work to Superintendent Maxwell. The men he suspended will be compelled to remain idle for at least a few weeks.—Wilkes-Barre News-Dealer.

The senate committee on finance has fixed the duty on coal at 6c per long ton. This rate applies only to coal shipped from countries which do not impose a higher rate on American coal. It, therefore, affects only Canada, the Canadian rate on American coal being the same. There has been a strong contention to hold the rate down to that originally fixed by the committee, and to lower it, but this effort was vigorously contested by the senators from the coal producing states and the latter class have won.

The Lehigh Coal and Navigation company is more actively engaged than ever before in efforts to extinguish the flames in the Summit Hill mine, which have been raging for many months. It is now engaged in driving holes at intervals of 100 feet apart and filling them with culm and water and in this way it hopes eventually to extinguish the fire. The company has just succeeded in extinguishing a three years' blaze on what is known as No. 6 mountain.

The Wilkes-Barre and Eastern railway company is building a round house about one mile from Moosic on what is known as the Beacham track. The round house will be large enough to hold fifteen engines. The foundation of the structure is under way. This work will take some time, as it and the laying of tracks, will cover a large part of the land above stated.

With the resumption of work at the Woodward mine today at the rate of the Delaware, Lackawanna and Western in the Wyoming valley with the exception of the Avondale at Nanticoke, will be in operation. Water from the Susquehanna river broke into the Avondale, and it is not known when the mine will be worked.

The third rail has been removed from the Delaware and Hudson north bound track south of Green Ridge. As soon as the chutes in the Wilkes-Barre have been enlarged to accommodate the use of the narrow gauge car will be entirely abandoned at the lower end of the road.

The Vulcan Iron works of Wilkes-Barre has declared a semi-annual dividend of 3 per cent, payable today.
